ROTHWELL PRIMITIVE P.S.A.

Mr. Eli Ward presided over a capital

attendance at the above service on Sunday afternoon

last, when Mr. W. L. Ward, of Hunsley, gave an

excellent address on "Whatever you do, do it

heartily." Miss L. Ward, of Leeds, sang a

very tastefully "The Gentle Shepherd" and

"The Road of Light." Mr. A. Adamson

accompanied.

VAGRANCY IN YORKSHIRE

The vagrancy returns for the East and West

Ridings of Yorkshire for the years (ending

at Michaelmas) 1906 to 1910 as prepared by

Mr. P. B. Bagwell, Inspector, are just published.

Those for the year 1910 show a large

decrease of 31,092, the total number of

admissions being 155,056 as compared with

187,028 in 1909. The decrease alluded to is

mainly in the West Riding; the number in

the East Ridings being only increased by 1,400.

The above figures give the total admissions to

all the Workhouses in Mr. Bagwell's district,

and therefore they may be taken to represent

the total number of vagrants who were

received in the year. However, these admissions

represent only the actual number of vagrants

on the roads, as far as they can be computed

by the figures of admissions. The figures of

admissions are, however, a very good index

of the actual number of vagrants who were

received in the year. However, these admissions

LEEDS TRAMWAYS.

The Leeds Tramway's Committee are con-

templating an important series of improve-

ments, the object of lessening the con-

gestion in the vicinity of the Corn Ex-

change.

It is proposed to entirely remove the loop

or circle in front of the main entrance to the

Corn Exchange, and place it between New

Market-street and Call Lane, a little to the

east of its present position. The underground

passage is also to be removed from its present

position, at the head of Call Lane to a site

in the centre of the new loop, or to some

convenient spot in the immediate vicinity.

The alterations also provide for the con-

struction of the loop through New Market

Street, via Kirkgate, in front of the market.

into Call Lane, and the doubling of the line

in Call Lane, so as to permit of the cars to

run from York Street and Marsh Lane past

directly through Darnley Street on to the

junction of Darnley Street and New Market

Street to a point in Vicar Lane. This third

set of rails will be used merely as a loading

or unloading point for football and holiday

traffic.

By the adoption of these proposals passen-

gers will be able to enter their respective

trains without experiencing any of the con-

gestion at present exists. For example, in the

first loop it is possible that only cars for

Leeds will be able to enter, and in the

second loop only cars for Hunsley, Wakefield,

Bothwell or Whitehall will have access provided for

Police News.

Three Leeds men, named James Thornton,

Thomas Lacey, and Charles Firth, all described

as labourers, were charged at Wakefield, on

Friday, with stealing a watch, chain, and

medal, value £4, from the person of Ernest

Marden, engine cleaner, Thorpe.

It was stated that about 6 p.m. on a Christmas

Day, Thornton went up to the prosecutor, who

was waiting for a train near the Half Way

House, Robin Hood, and offered to "sing

him for 2s. Marden said he did not sing,

but he would be glad to watch a man who could

do so. Thornton then took out a watch and

chain, and offered to sing for him. Marden

accepted the offer, and Thornton then took

out a medal and offered to sing for him.

Marden accepted the offer, and Thornton

He: "I suppose if I kissed you, you would never speak to me again!" She: "Why do you always look on the dark side of things!"

Young Wife: "And do you really and truly love me, darling?" Old Husband: "Certainly my dear. How much money do you want?"

Rivers (dipping his pen in the ink): "Tell me a diplomatic way to call a man a liar." Brooks: "Always select a man smaller than you are."

"He says his motto is 'Live and Learn.'  
 "Well, if he isn't more successful at the former than the latter we'll be going to his funeral some day."  
 "How are you, Mr. Myer, this inclement weather?" "Just managing to keep out of the undertaker's hands." "Oh, I am sorry to hear that."  
 Suffragette: "What we maintain is that women should get men's wages." Visitor: "Well, so they do, mum. Lookways, I know my wife gets mine!"

"So you are writing stories," said the friend.  
"Not exactly," answered the cynical litterateur.  
"I am merely furnishing a certain amount of  
text to keep the illustrations from running in  
one another."  
"It takes you a pretty long while to shape  
yourself, doesn't it?" "Not so very long; I can  
shape myself quicker than my old barber could."

Ardent Suitor: "I lay my fortune at your feet." Fair Lady: "Fortune, I did not say you had money. Ardent Suitor: "I have much, but it is too very little to cover those two feet." He got her by the throat, and the schoolboy, being asked by his teacher he should be him, replied: "If you please, I should like to have it on the Italian system of penmanship, the upward strokes heavy and the downward ones light."

# UNITED METHODIST CHURCH, ROBIN HOOD.

The anniversary services in connection with the above place of worship were held on Sunday last, when the Rev. J. H. Harrold, of Leeds, preached to good congregations both morning and evening. In the afternoon the choir under the leadership of Mr. O. H. P. Jones rendered the cantata "The Galilean". Mr. J. Southwell, of Rothwell, presided, and Mr. S. Harrold accompanied.

On Monday evening, in connection with the anniversary as "At Home" was held in the school-room, where a large gathering assembled. Mr. & Mrs. H. Harrold, made a most charming host and hostess. In his speech Mr. Harrold made reference to his connection with the church, he said this was the 40th Anniversary and he had been with them since inception. Miss Hollings, of Middleton, sang splendidly "The Morning Maid," "King of Hearts," and "Dress of Home." Mrs. P. Walshaw, of Louth, gave a violin solo "I dream I dwell," and Mr. Walshaw, of Louth, sang very well "The Last Voyage." Miss Bedford, of Ardsley, was an artist in the recitation of "The Tale of a Fool." The duties of accompaniment were shared by Mr. A. Robinson and Miss Bailey. The proceedings were presided over by the Rev. G. T. Wainwright, his wife, and daughter. A very successful supper was served by the following: Mrs. D. Milner, Mrs. Frohman, Mrs. Abbot, Mrs. Bramley, Mrs. Dewar, Mrs. Sugden, Mrs. J. W. Chambers and Miss Flockton. On the motion of Mr. Bramley and Mr. H. Elms, hearty votes of thanks were accorded the host and hostess, who (gave a guinea) and all those who had taken part in the anniversary. The room was tastefully decorated by Miss R. Harrold, Miss Hilda Chambers and Miss Evelyn Grimshaw.

# LEEDS EQUALISED ORDER OF BRUDES.

In connection with the Robin Hood Prize Lodge No. 2188 of the above Order, a whist drive and dance was held in the Robin Hood Council School on Saturday evening last, when about 20 persons attended. Mr. John Chadwick Brown was the steward for whist and the M.O. for dancing were Mrs. Lewis Dobson and Mr. Richard Towson. Mr. Clayton Dates, of Louth, was the pianist. Refreshments were served by the following ladies: Mrs. W. Wright, Mrs. J. F. Hall, Mrs. Fred Lister and Mrs. G. Brown. The room was very successful and enjoyable, and was in aid of the Juvenile Trip Fund.

# OULTON AND DISTRICT BOWLING CLUB.

The members of the above club had a whist drive at the Oulton Institute on Wednesday evening last, 132 persons taking part. The prize-winners were—1st prize ladies, silver photo frame, Mrs. Hordall, 178 tricks; 2nd, Mrs. D. Milner, 178 tricks; 3rd, Mrs. J. W. Chambers, 178 tricks. The M.O. was Mr. J. H. Harrold, and the M.C. was Mr. J. H. Harrold. The room was very successful and enjoyable, and was in aid of the Juvenile Trip Fund.

# CATTLEPOD WOMAN IN THE GRIP OF FIBROUS LEGS.

SKIN LIKE BAW MEAT FROM ELBOW TO FINGER TIPS—AMAZING ZAM-BUK CURE.

So badly in the grip of a disease that she was helpless to do her housework and was almost driven frantic with pain and irritation. That, in short, was the case of Mrs. Wainwright, of Louth, who had been in the grip of a disease for some time before she was cured by the use of Zam-Buk.

"My hands started to swell after doing a rather heavy day's washing," Mrs. Wainwright said. "My hands began to swell, and the skin which itched terribly. The swelling got so bad that I couldn't close my hands, so of course work was out of the question. Polishing seemed to drive the swelling up my arm, and make the skin break into little watery sores. When I showed my hands and arms to a chemist he said I had weeping eczema. Soon the disease broke out on my elbows to finger tips, and I was nearly driven frantic with pain and itching."

"I had to send all my washing out, and my husband had to help to do the housework when he came home, as I was too helpless to do anything. My arms were like raw meat, and the discharge soaked through all the bandages. Outmatters of all kinds I tried without getting any better, and at last I got tired of getting to Oulton for stuff that did no good."

"After I had been told for well over a year a neighbour advised Zam-Buk, which she said they were never without in their house. I wouldn't have believed that anything could be so soothing to Zam-Buk. It was just grand, and I eagerly kept on with this rare balm. I gradually felt the use returning to my hands, and in a week or two I was able to do a little light work. The inflamed scales peeled off my hands and arms, and in their place Zam-Buk brought me a new soft skin. The swelling went down, too, while I was soon quite free from the intense pain and itching."

"Now I am perfectly cured, and I do my own washing, baking, and all my housework again. Zam-Buk is a grand cure. I shall never bother again with common eczema, but shall fly to Zam-Buk when any of us have any skin trouble."

Mine out of every ten homes always keep Zam-Buk handy. Zam-Buk cannot be regarded as healing up cleanly the cuts and bruises of daily life, or for completely repelling any infectious or sudden attacks of eczema, piles, bad legs, ringworm, and other general skin diseases. There is nothing else preventing the same great healing, soothing, and antiseptic properties that are united in Zam-Buk. It is sold by one Zam-Buk and that it is sold by all chemists at 1s. 2d. 2s. 6d., or 4s. 6d.

point will find some justification in the football rules as set forth by the English Association. Burying appeared to be in a dazed condition and again he was dejected on every occasion of his consciousness, but despite numerous spectators delivering various sentiments, he did not retire until he collapsed. Coming round again he expressed a desire to resume his duties, and had to be forcibly taken from the playing area, but would not leave the field.

It is not to be wondered at that the accident affected the progress of the game, that a man shot out of the play, and that at the close they were a defeated team by 2 goals to nil. The most faithful supporter of the Carlton team would not grumble at the result; indeed, I might be safe in saying that the spectators and some of the players were concerned themselves more about the injured man than the game.

As regards my opinion on the team's exhibition, it can be summed up briefly, viz.—That the first half was satisfactory, and that the second might have been played better. Allowing for circumstances, however, no fault can be attributed to the players for their deterioration, and with the exception of inflicting a reprimand on the forwards for their untidy play, and their failure to get into the game, they will escape any criticism on my part.

The best players were Kinder, Titterton, Gregg and Miller. "T" (who will I know) excelled in the above play, and his figure round his opponents is a sight calculated to inspire wonder. What Carlton would do without the three latter names, who have played a beautiful game and free trade conditions, I do not know.

Allerton are not to be blamed for taking advantage of their opponents' misfortune, and no doubt they would have been fighting a whole team, when in such a game, they were ready to admit all their energies would be required. Little was not so prominent as of yore, but there were occasions when his skill burst forth in some characteristic movement. Someone is telling me Carlton is left in another epic, "Alright," I reply, "describing circles and various fancy figures, but he did not succeed last time, so let the last straw."

# "THE RIVER AIRE AND THE BECK." ANNUAL PIGEON SHOOT AND DINNER.

Mr. Moorhouse, Sir, to you, I quite concur in this year's view. There is a difference, but it is rare between the Beck and River Aire. For ever get them mixed up in the river which is the Beck and River Aire. By Beck and bridge they do not wind and each are noted to mean.

Yet carping notice say. For never get them mixed up in the river which is the Beck and River Aire. By Beck and bridge they do not wind and each are noted to mean.

But time eliminates the view. Of all things, likewise the new. The village stream can do decide. In never a river wide.

While stippling over the rocky led. Shame to politics it, I think. Where not the very cow can drink. No wrong idea, if right you look. The politicians should be brought to book.

For dangerous indeed to quest. In water's remaining stream. And here again the fact's bare. Of course the cow who would not care.

For be it Roman, be it Greek. Or be it Collier or be it Jew. Still a horse is a horse, and is exposed. The air it breathes is not neglected.

COLLIERY DISPUTE.

The question of Saturday afternoon work at the Beck and River Aire, at Messrs Henry Briggs, Son and Company (Limited) Whitwood Collieries will assume a serious position. If arrangements cannot be amicably come to between the men and management. The Yorkshire Miners' Association have decided to allow the men affected to come out on strike. At the new pit at Whitwood Sunday work has also been decided. Four thousand men are affected, including the whole of the men employed at the various pits connected with the colliery at Whitwood, Woodfield, Sydnall and Mashley.

**THE NEW ENGLISH CUP.**  
HONOUR FOR A BRADFORD FIRM.

The Committee of the Football Association at their meeting on Monday week last accepted the registered design of Messrs. Farnham & Sons, Ltd., the well-known Jewellers & Silversmiths of Bradford, of an enormous number of designs and models sent in by the largest firms in the Kingdom, for the new cup to replace the trophy which has done service for so many years, and which was presented to Lord Epsom on August 10, 1894. The new cup is a magnificent example of English art, in classical style, and bears the title "The Football Association Challenge Cup."

The body of the cup is entirely plain with a Bacchantean decoration at the top. The lower portion is richly embellished with grapes and vines, and the base is decorated with the names of the players who have won the cup. The whole of the decoration is done in high relief. All previous as well as future winners' names will be inscribed on the plinth.

CHILDREN'S HOMES COMMITTEE.

At a meeting of the above Committee held  
on Monday, February 13th, there were present,  
Messrs. Edmond (chairman), Green, Armitage,  
Bulmer, Cartwright, Green, Park, Thomas,  
Verity, Mr. M. J. Dillon, Mrs. Millgate,  
and Mr. Schofield (ex-officio). A letter was  
received from Mr. Hallow offering to provide  
a concert on either the 9th or 16th proximo.

It was resolved on the motion of Mr. Hallow  
Dillon seconded by Mr. Cartwright that the  
matter be referred to the Chairman and Mr.  
Green to endeavour if possible to arrange for  
the concert to be given on the 2nd proximo

treated but that there are indications of  
increased percolation through the walls of the  
room below. The Committee have decided to  
consider the matter and to report to the  
children on the 28th proximo on a reference  
from the Board. The Superintendent stated  
in reply to enquiry that he accepted the fact  
on his own responsibility and overlooked  
reporting it to the last meeting of the Com-  
mittee and that 60 of the children attended  
and much enjoyed themselves.

Mr. Armitage then the Superintendent's

the action of the Superintendent be confirmed

submitted and read to the Committee the  
following further reports upon the children  
to the Homes during the past year:—(1) Mr.

Mr. H. J. Martin, schoolmaster, National School.  
Resolved that Dr. Burt's attention be drawn  
to the two cases in Mr. Clark's report said to  
suffer from defective vision.

The minutes were approved.

Mr. Fountain having given notice of motion  
on "The Treatment of Tuberculous Patients"  
said a Conference was held at the Leeds  
and a paper given by Dr. Row on the question.  
He read several extracts on being to the  
fact that phthisis was the cause of more poverty  
than any other disease. He was of the opinion  
that it would be beneficial if all the Board of  
Guardians in the Leeds area had a Conference  
on the question. The accommodation at both  
Gateshead and Arnsley was inadequate as they  
were only able to deal with 300 or 400 patients  
whereas there were over 5,000 cases in Leeds  
alone. He therefore proposed a conference be  
held.

Mr. Edmond seconded.

Mr. Green said as a representative of the  
Tuberculosis Association, their institutions  
were very costly for the treatment of patients,  
averaging about 2/- a bed per week; the  
Guardians could not carry out a similar scheme  
under their present powers. He had ascertained  
that they "got their share of lambs" in the  
past year, and also found each case averaged 90  
days' treatment. It was only reasonable that  
the patients were in favour of being treated  
by the Tuberculosis Association, and he  
at the Workhouse Infirmary, as the law would  
not allow the same expenditure in the latter  
case. The Poor Law cost was the most  
expensive, and he was glad to get back to  
their old surroundings, and what good he  
had done was lost. He was in favour of the  
resolution so that they might make an effort  
to grapple with this terrible scourge which  
was wrecking so many valuable lives.

Mr. Butterick said he was pleased with the  
way in which Mr. Fountain had brought this  
question forward. It was surprising the num-  
ber of cases they had in the Hunslet Union,  
and as Poor Law administrators they were  
limited in their powers; they were bound  
to be satisfied with the law as it was, and  
they might arrive at some satisfactory  
scheme to alleviate such suffering. The  
Board would do the proper thing by taking  
the necessary steps to be taken to relieve  
those who were attacked by consumption.  
The cost would be enormous but what was  
that compared with the life lost to the nation.

STANLEY CHURCH DESTROYED BY FIRE.

Not within the recollections of our oldest residents has the district had so much cause to regret the existence of the tower which stood at the present time. That it should have been the work of ruin and destruction is a sad thing. The church, which was a fine building, and practically destroyed it, makes an unparalleled case in the history of the locality.

The church's value to the district was not in its architecture, but in the fact that it was a place of worship, and was a place of refuge for the poor and the distressed. The church was a place of refuge for the poor and the distressed, and was a place of refuge for the poor and the distressed.

The church was built in the year 1824 under the Millers Act at a cost of £12,000. Since then alterations have been made at a further expenditure of £11,000. Now it stands a complete wreck, only the bare walls and turret remaining.

The outbreak, which is supposed to have originated through the iron pipe which goes through the pitch pine roof, becoming red hot, was discovered shortly after 8 o'clock. The alarm was given by a miller, who rushed up the balcony steps, and the fire was not higher than his position because intolerable. Though dazed and half suffocated he pulled the rope of the bell, and only at the last moment when he appeared lost, did he attempt to descend. On his way down, he was unfortunately struck on the head with a piece of masonry and rendered unconscious. He was assisted up, and a little later he regained consciousness.

About thirty young men from the village institute were quickly there, and in haste removed the lectern and the altar cloth from the altar, and saved such loose ornaments as they could lay their hands on. The headquarters of the district Council all had been communicated with, and as possible Inspector Newton and a few firemen hurried off with some hand appliances to the scene. The fire was by this time raging furiously, and the smoke issuing from the burning building could be seen for miles around. By accident, the west doors had been left open, and the draught had assisted the fire to take more rapidly hold.

A telephonic message was sent to the Wakefield City Police Station for the Corporation's Fire Brigade, but as Stanley is outside the city and not within the local Council have declined to pay a retaining fee for the use of the brigade, there was some difficulty about sending assistance. The captain of the brigade (Mr. M. H. Harris) consulted the Mayor, who took it upon himself to give consent for the brigade to be sent out.

The local men were fairly bold. They made an effort to obtain water from the main in the highway which passes the church, but their tackle was virtually useless. The hose-piping did not do any good, consequently the water was let in from the main only reached a height of four or six feet.

Meanwhile, the wind had increased in power, and the building was on fire burning fast. The roof was in flames, and the walls were crumbling. The fire was in flames, and the walls were crumbling. The fire was in flames, and the walls were crumbling.

At about seven o'clock the fire had burned itself out. The three beautiful stained glass windows in the west end were destroyed in the earlier stages of the outbreak, and subsequently everything else with the exception of the few articles and documents rescued, was burnt to ashes. The beautiful pipe organ at the east end of the church was very early demolished.

A feeling of indignation is widely prevalent in the district concerning the failure of the local fire appliances, seeing that the Stanley District Council have been previously proved both by the Wakefield Corporation and the Wakefield Rural District Council to avail themselves, by the payment of an annual retaining fee, of the services of the Wakefield Fire Brigade. The Wakefield Corporation several years ago purchased a second fire-engine to serve the outside districts without risking their own interests, and the Stanley Council, it is stated, is about the only authority which has steadily declined to avail itself of the offer mentioned.

The church was insured for between £6,000 and £7,000. Hundreds of persons visited the spot on Sunday, and sincere sympathy with the vicar, Mr. J. B. Bolland, was on all hands manifested. Collecting sheets were put out in order to start a fund for the work of restoration.

A pathetic incident occurred during the progress of the fire. The vicar's wife was returning in a cab from Wakefield, having been on a visit to friends, when suddenly she came to sight of the burning church, and at that moment the fire massive pillars fell with a tremendous crash. Unhappily by the slight the lady collapsed.

In the early hours of Sunday morning while the building still smoldered, an unhappy death knell was heard. The wind blew through the aperture of the belfry, and stirred the church bell.

There was a moderate attendance on Sunday at the above gathering, presided over by Mr. Richard Naylor. Mr. B. Thewles, of Leeds, read the notice of the "Bible" and "The Sailor's Grave" very effectively, and an excellent address was given by Mr. J. W. Burley, of Leeds. The accompanist was Mr. A. Adamson.

CARLTON WESLEYAN SUNDAY SCHOOL.

The annual prize distribution tea and meeting in connection with the above Sunday School, took place last Saturday. The tea was in charge of Mrs. Marshall, Mrs. Mitchell, Mrs. Scholley, Mrs. P. H. Brown, Mrs. P. H. Brown, Mrs. Lillian Brown, Mrs. Marion Priestley, Mrs. Hilma Scholley, Mrs. North Brown, and Miss Ethel Scholley.

The school was opened by Mr. J. O. P. Ward, of Bethel, who presided over the evening's meeting. An excellent address on Sunday School was delivered by Mr. O. P. STOUTON LIBERAL CLUB v. CENTRAL LIBERAL CLUBS.

The meeting of Stouton and Central in the Leeds Liberal Clubs' tournament was full of interest, as a victory for the latter would have meant a replay between the two clubs for the premier position. Stouton, however, proved successful and thus made certain of the cup.

It was decided that a meeting of the Council  
and the aldermen be called to discuss the ques-  
tion before the agreement was signed.

RECREATION GROUNDS.

Mr. Killigbeck asked if anything had been  
done in regard to a recreation ground. He  
said that the Parish Council had been asked  
to deal with this question so that the  
children would not be compelled to run about  
the streets.

The Chairman said it was a good idea if  
they could only carry it out, but he thought  
it would be difficult to get the question out  
of their hands. It was a question of time  
to find a place for the recreation of children.  
He himself would come out like they had  
done at Rothwell but he thought it would  
be a good idea if they could find a place  
for the recreation of children.

Mr. Killigbeck said he had been asked  
to find a place for the recreation of children.

the resolution was put and carried 12 voting

members being present.

Mr. Hirst is thinking that the

honour will come to him, but he

intended following exactly the same lines as

he would be and would give every member a fair

share and allow each a free freedom as possible.

Mr. Hirst then moved that the Vice-

Chairman should occupy the chair next year.

Mr. Lunn seconded.

Mr. James Arncliffe said he did not agree

with the resolution. He believed in voting

for the person best qualified. It did not

fall on the Vice-Chairman to be a member of

the Council a long period he should be given

the position. There were members round

table who would not have the Chairman.

## HUNSLLET BOARD OF

GUARDIANS.

ELECTION OF CHAIRMEN.

A fortnightly meeting of the above Board

was held on Wednesday afternoon, at the

office, Hunslet, there being in attendance

Mr. Killigbeck, Messrs. Green, Goyers,

Schofield, Park, Butterfield, Appleyard, Stead,

Barnett, Foulton, Barrell, Barrell, Barrell,

Armistead, Cartwright, Thomas, Marsden,

Dillon, and Armistead, with the clerk (Mr. Meo).

The first business was the election of Chair-

men and Committees.

Mr. Park proposed that the Vice-Chairman

for the past year, Mr. Goyers, be elected to

the position, Mr. Green seconded, and

Mr. Thomas, Mr. Barrell, Mr. Barrell, and

the retiring chairman Mr. Schofield, each spoke

in Mr. Goyers' favour.

The resolution was carried, Mr. Goyers

expressed his thanks for the confidence placed

in him, and said he would endeavour to

discharge his obligations satisfactorily. When

he came on the Board it was with the desire

to act on an old friend's advice to be "kind

to the poor." This he had tried to do, and

it was thought a year ago that Boards of

Guardians were not to be placed in a

position, but they appeared rather to be

developing their power and proving their necessity

as a local governing body. There appeared

to be the feeling that the Board was a

very busy body, and that it was a

very busy body, and that it was a

very busy body, and that it was a

## TRUTH ABOUT HAIR RESTORING

Many people say that *Truth* does not restore hair, but that it does. It is true that it does not restore hair, but it does restore the scalp. The scalp is the foundation of the hair, and if it is healthy, the hair will grow. *Truth* restores the scalp, and thus restores the hair. It is a fact that *Truth* has been used for many years, and it has been found to be a reliable and effective remedy for all cases of hair loss. It is a fact that *Truth* has been used by many people, and it has been found to be a reliable and effective remedy for all cases of hair loss. It is a fact that *Truth* has been used by many people, and it has been found to be a reliable and effective remedy for all cases of hair loss.

## THE SCIENCE OF WALKING

John C. Hader says we have to be very careful in walking, as in everything else, it is important to avoid extremes. A natural change from one habit to another is always desirable. The way to walk is to walk in a natural, easy, and comfortable manner. It is a fact that walking is a science, and it is a fact that walking is an art. It is a fact that walking is a science, and it is a fact that walking is an art. It is a fact that walking is a science, and it is a fact that walking is an art.

## PIQUANT SAUCE FOR KEEPING

Scrap three ounces of salt, two ounces of washed horseradish, and half an ounce of ginger in three cups of boiling water. Stand the mixture for twenty-four hours, then strain through muslin and bottle for use. A dose of six or eight drops will do.

## LEMON CREAM WHIPPED CREAM

Whip cream until it is stiff, then add a little lemon juice. This will make the cream more piquant. It is a fact that lemon juice is a good ingredient for cream. It is a fact that lemon juice is a good ingredient for cream. It is a fact that lemon juice is a good ingredient for cream.

## THE HOUSEKEEPER'S ALPHABET

Apply ammonia for orange or lemon-juice stains. Ammonia, used in moderation, will remove all stains. It is a fact that ammonia is a good ingredient for cleaning. It is a fact that ammonia is a good ingredient for cleaning. It is a fact that ammonia is a good ingredient for cleaning.

## GOLDEN RULES FOR NURSERY

From the first day of the baby's life be regular in everything you do for him. Give the baby a bath every morning. It is a fact that regularity is a good habit for a nursery. It is a fact that regularity is a good habit for a nursery. It is a fact that regularity is a good habit for a nursery.

## LEMON-JUICE

The high value of hot lemon-juice in whisky is well known. It is a fact that lemon-juice is a good ingredient for whisky. It is a fact that lemon-juice is a good ingredient for whisky. It is a fact that lemon-juice is a good ingredient for whisky.

## HEREDITY AND INSANITY

Dr. P. W. Mott, lecturing at the Charing Cross Medical School, London, dealt with the question of the hereditary aspects of nervous and mental disease. He showed by an interesting series of figures and charts how the disease is inherited. It is a fact that heredity is a factor in insanity. It is a fact that heredity is a factor in insanity. It is a fact that heredity is a factor in insanity.

## ROBIN HOOD UNITED METHODIST CHURCH

On Sunday last appropriate sermons were preached in the above place of worship by the Rev. Mr. J. W. Mott. The service was held at 11 o'clock. It is a fact that the Robin Hood United Methodist Church is a place of worship. It is a fact that the Robin Hood United Methodist Church is a place of worship. It is a fact that the Robin Hood United Methodist Church is a place of worship.

# ROTHWELL TEMPERANCE SOCIETY

## ANNUAL MEETING

The annual general meeting of the above was held in the Temperance Hall, on Tuesday evening, March 28th, 1911.

Mr. J. W. Smith, the secretary, presented his annual report, which contained the following particulars:—

The year was a memorable one, as three active workers of the Society had been called home. Their late president (Mr. Innes) had earned the esteem of all who knew him, his one bad hour had been taken humanely, and when death came with startling suddenness after nine years' service as President and 28 years as secretary, his loss was keenly felt. Many children in the world were left fatherless, and when death came with startling suddenness after nine years' service as President and 28 years as secretary, his loss was keenly felt.

The annual meeting of the above Council

was held at the Office, Leek Street, Hunslet,

yesterday afternoon. The members present

were Messrs T. Thomas, F. S. Marden, W.

Verity, J. P. Allerton, G. Armistead, and the

Clark (Mr. Pinder), surveyor (Mr. Nuttall),

inspectors (Messrs Whitehead and P. O.

Higgins) and medical officer (Dr. Buck).

The first business was the election of

chairman.

Mr. Marden said he had great pleasure

in submitting the name of Mr. Thomas for

another year, as he considered that he

would be the best person to fill the position.

Mr. Thomas was elected chairman for

another year. He would do his very best and

the same way as last year; could go on and

do his best. He had no one to contend

with. He did not seek any position or power.

He would do his best for the office as he

could. It was his ambition to do what he

could for the ratepayers, but sometimes it

was very hard to please everybody. Referring

to the report of the Council, he said that

the Council had done very well. He was

very glad to see the Council doing so well.

He was very glad to see the Council doing

HUNSLY RURAL DISTRICT

COUNCIL.

A meeting of the above Council, was held

at the office, Leek Street, Dunstable, yesterday

afternoon, there being present Mr. T. Thomas

chairman presiding, Mr. W. Verity, Mr. W.

Allison, Mr. G. Arncliffe, and Mr. J. P.

Wright, with the clerk (Mr. Pinder), surveyor

(Mr. Nuttall), and Inspector (Mr. Whitbread).

The Clerk reported in the unavoidable

absence of the Medical Officer that during the

past month there had been 15 births and 5

deaths, but had been no notification of

infectious diseases.

A letter was read from Mr. Taylor, Bech

Grove, Oulton, complaining of a small amount

of sewage from a neighbouring farm near his

house and his family and been ill.

The Inspector was instructed to make fur-

ther observations.

Place was passed for a house in Abbot-

Road, Oulton, for Mr. George Arncliffe; for

a wooden shed for Mr. Oottingham, Oulton;

and for a stable for Mr. Allison, Oakden,

Woodhouse.

The Clerk reported that he had been in

communication with a deputation from the

Council and Woodhouse Parish Council in

regard to the proposed new road at Wood-

house. It was now proposed to make an ad-

hoc footpath. One of the owners of the ad-

hoc refused to come to terms, and the other

had not replied.

It was decided to inform the Parish Coun-

cil that their scheme is not practicable.

The Council considered the lighting of

Field Lane, Oulton.

The Clerk stated that it would require 26

lamps for the whole road which was 2,330

yards in length, and 9 lamps for the road as

far as Water High Pit—a distance of

860 yards.

Mr. Arncliffe thought lighting the road to

the Colliers would be sufficient.

The matter was deferred until the next

meeting.

The Treasurer reported a balance in the

bank of £1,602 10s 10d.

Mr. A. C. Bailey, clerk, applied for an in-

crease of salary.

The matter was left over.

SOMETHING FOR YOUNG FOLKS

A CHRISTMAS TREE.

Old Mother Hubbard and good Father Goose  
 Dead as do nails to their friends for a time.  
 To meet, they were told, Mr. Santa Claus old.  
 Twenty-fourth of December it was.

The guests they invited were greatly delighted  
 And none of them failed to appear.  
 At this holiday time, it was certain to be  
 Quite the social event of the year.

There was fair Mistress Mary with worthy John  
 And the good Knave of Hearts with the Queen;  
 Daily Dilly from Town, in a pretty gown,  
 With fair Honeydew, was seen.

The Old Man in Leather he brought on his arm  
 The Woman who Lived in a Shoe.  
 Miss Muffet came down with the Man in the Moon.  
 Polly Pudding with Little Boy Blue.

Tom Tucker escorted Miss Marjory Daw,  
 And Fanny came with King Cole;  
 And Jack and his Jill, from the house on the hill,  
 Brought Curly Locks, dear little soul.

Silly Wren's young man was the Gay King of  
 France.  
 For Bally was always a belle;  
 Dr. Foster was here, we are sorry to state,  
 And the Ten O'clock Sobolair as well.

The Man all in Tatters came just as he was,  
 With the Maiden in Blue for his bride;  
 Simple Simon, Tom Green, George Fergus, were seen  
 And others a many beside.

The trio of soldiers gave music superb;  
 The refreshments were all of the best;  
 And Christmas carols, and the carols all  
 A souvenir bore for each guest.

Jack Horner was given a big silver spoon;  
 Miss Muffet a daisy chain;  
 For the Moon Man a pair of white balloons  
 And the Ten O'clock Sobolair to boot.

An aluminum ball came to Jack and to Jill,  
 And Little Dolly had a broom;  
 To the good Queen of Hearts, ever famous for wit,  
 Was presented a cooking-book.

Miss Flanders was charmed with a pair of new  
 shoes;  
 Tommy Tucker rejoiced in a cake;  
 A candlestick came to Mrs. Ender's care,  
 And Mary Gossamer's a new pair of slippers.

The Ten O'clock Sobolair was far from content  
 A patient slumber close to see;  
 Simple Simon's delight was a comical sight  
 When a pair of little shoes he saw.

"A Treatise on Children" was gladly received  
 By the Woman who Lived in a Shoe;  
 And Curly Locks left for her bonny brown hair  
 Had a beautiful ribbon of blue.

Miss Marjory Daw had an angel of wool;  
 Boy Blue, a most useful horn;  
 And you never could think how a parcel pink  
 Enthralled the Maiden in Blue.

Mr. Santa Claus graciously and, with a smile,  
 As he gave the last gift from the tree,  
 He had a great treat for each child to meet,  
 And so many old carols to see.

As his reminder impatiently chafed at the door,  
 And begged him to leave in a hurry;  
 He said, "I'm sorry that engagements galore  
 Will prevent me no longer to stay."

So with cordial adieu to the hostess two,  
 With a chorus of "Good night,"  
 He went on his way in a dazed, dazed state,  
 With a jingle and a jangle in his head.

Then the guests all departed, rejoicing, at last,  
 And the good hostess was glad to see  
 That no social affair of the year could compare  
 With the Mother Goose's Christmas Tree.

MOTHER IN DECEMBER.

Little Edred stood on the doorstep of his  
 home, wrapped in a thick winter coat.  
 Soon he heard his father whistling in the  
 stable, and away he went.

"Why, daddy," he asked, "what are you  
 doing?"  
 "Come along and see," answered his father,  
 and led the way to the orchard.

When they came to the fruit-tree, they  
 stopped, and then Edred noticed something  
 queer.

"Look," said his father, and he showed him  
 a little white object on the ground.  
 "That is called a winter moth," he said.

"See, they have hardly any wings. Very soon  
 they will crawl up the trunk of the tree,  
 and then they will eat the leaves and the  
 fruit."

"What will you do then?" asked Edred.  
 "Watch and see," and father dipped his  
 brush in the tree and used all round the  
 trunk.

"There," he said, "that will keep them  
 away so long; and as the little moths cannot  
 crawl over it to the fruit, they are so  
 danger that my tree will be safe."

TWO INDOOR GAMES.

Having Christmas, the leader says to the  
 neighbour on his right: "My ship has come  
 home from China. The one to which the  
 sails, the leader replies, and pretends to sail  
 home from China."

The one to whom she has spoken then says to  
 the neighbour on her right: "What has the  
 ship brought home?"

"What has it brought?" she asks. "Two fans,"  
 she replies, making the gesture of fanning  
 herself. The statement, "My ship has come  
 home from China," and the question: "What  
 has it brought?"

The third player, announcing that her ship has  
 come home from India, moves her hands in  
 the air, as if her two hands were wings,  
 and she says: "At five fans," she says, "the  
 hands, feet, and right eyes; at six fans,"  
 she says, "the hands, feet, and right eyes;  
 at seven fans," she says, "the hands, feet,  
 and right eyes; at eight fans," she says, "the  
 hands, feet, and right eyes; at nine fans,"  
 she says, "the hands, feet, and right eyes; at  
 ten fans," she says, "the hands, feet, and  
 right eyes; at eleven fans," she says, "the  
 hands, feet, and right eyes; at twelve fans,"  
 she says, "the hands, feet, and right eyes; at

THE OLTON BAZAAR AND FETE.

Olton is fortunate in possessing many well-to-do people who take keen interest in all that pertains to the life of the village, and are ever ready to support any scheme which is calculated to minister to the happiness and well-being of the general body of residents. It was in 1893 that the village institute was built—a want which had long been felt and a common meeting ground which has been greatly appreciated by all. In this movement members of the Olton family were closely associated and have ever since given their wholehearted support. Although the institute when first opened was quite adequate to meet demands made upon it, it has been for some time now that more accommodation for billiard playing &c. would be a great convenience, and a capable Committee with Mr. Boothroyd the secretary as one of the chief organizers it was decided to extend the premises—a step which had been taken in 1893 when the building was put up—by providing further rooms on a second floor.

Already substantial financial aid has been promised and in order to further increase the money in hand before going forward to bricks and mortar a three days' bazaar and fete was organized. Major Olverley kindly throwing open a part of the grounds—under the auspices of the general body of residents, which in itself assured the success of the enterprise should the weather be favourable.

It was in amalgamation with the Olton works that this bold effort was undertaken, financial aid being also required to renovate the interior of the village Church the arrangement being for half the proceeds to go to each object.

The handbook of the bazaar has reference to the Church as follows:—"The Church, which stands within the Park, was designed by Thomas Rickman, and built in 1839 at the cost of John Blaise, Esq., formerly Olverley, and this patronage has been resumed by his descendants. It consists of nave, north and south aisles—each divided from the nave by a screen—chancel, organ loft at the west end, and tower spire, the tower containing one enormous bell. The style is Early English. All the windows are single lights. The eastern portion of the chancel is an octagon, in which are nine lancets and eight of them are filled with stained glass. The wall below the windows is carved with a series of arches in pairs, on the face of the wall between is a diaper pattern all worked in composition. The graining of the ceiling is in the same material. All the windows in the north and south walls are filled with stained glass. Six of them are memorial windows to members of the Olverley family, including one to the memory of Charles Stuart Olverley of high literary reputation and classical scholarship, and one of the most gifted men of his time. The interior needs renovation, and it is one of the objects of the bazaar to raise money to carry out the work."

Of the institute it says:—"The foundation stone of the old parson was laid in June 1893, and the building was opened in December of the same year. The site given by John and Mrs. Olverley, Esq. of Olton Hall, and the cost

of building and furnishing was £202. Three years later, the Harold Hall, Anne-Boon, Club Room, and Olverley's Cottage were added. Mrs. Stuart Olverley generously defrayed the cost of the Harold Hall as a memorial to her son Harold, and Mr. O. Olverley the brother, furnished it. The foundation stone of the new building was laid in June, 1896, and the Hall was opened on January 1st, 1897. The total cost was £2,576. The institute is held in trust for the village of Olton, and the present Trustees are Major Olverley, Rev. W. B. Capel Cure, J. Farrer, Esq., Mr. E. Boothroyd, and Mr. Thomas Murgatroyd. There is no Endowment Fund, and the Institute for its maintenance depends upon its members and the lettings of the Hall. At the present time it is entirely free from debt. One of the objects of the bazaaring to raise money towards the cost of additional rooms proposed to be added as an upper storey to the older part of the Institute.

The Olton works took place in brilliant weather on Wednesday afternoon in the presence of a numerous company.

The Rev. W. B. Capel Cure in introducing Mrs. Olverley of Olton Hall, Esq., explained the object of the undertaking and commented on the happy auspices under which they had commenced their united endeavor to help the worthy objects of the bazaaring.

In his choice of date, for it was one of the sunniest days of a particularly sunny summer, and in having present with them a member of the Olton family, the Rev. Mr. Capel Cure, being in attendance Messrs. Coopers (chairman) presiding, Butler (vice-chairman), Armstrong, Barker, Green, Appleyard, Stand, Pountney, Haslam, Bannister, Bannister, Olverley, Armstrong, Varty, Edgill, Bulmer, Dillon, Thomas, Mrs. Killigale and the clerk (Mr. Mee) and assistant clerk (Mr. Wright).

At a meeting of the Workhouse Visiting Committee held May 5th, there were present, Messrs. Park (chairman), Bulmer, Armstrong, Green, B. O. Dill, and Mr. Wright. A letter was received from Mr. O. Olverley, Esq., lecturer in Agricultural Chemistry at the Leeds University, thanking the Guardians for permission to erect a pump of rain water for the workhouse estate and promising to supply a copy of a report that may ultimately be based upon the tests, as desired. A letter was received from the Mill Hill Reformatory Society thanking the Guardians for allowing them to visit the institution on the first last. The visitors' book containing observations upon the visit was laid before the Committee.

It was resolved that a temporary building be provided to screen the female patients on the open air balcony from the sun, and that some temporary man screen be provided in the roof of the laundry for the comfort of the women workers there.

The minutes were approved.

It was decided that the Officers' Block—Bogies and alterations be applied to the members and the matter deferred for a fortnight.

Mr. Armstrong submitted a report as one of the Committee to the Yorkshire Poor Law Conference, in which he expressed his pleasure at the opinions expressed that the time was far distant when Board of Guardians would be done down.

Mr. Green, another delegate, said everybody agreed that Board of Guardians were administering the Poor Law in a very enthusiastic and satisfactory manner.

The Chairman said they had learnt that several powers which were granted Board of Guardians had been lying dormant.

The whole of the thing by the adoption of which their Board could benefit much. Buzales had gone one step further than the proposed combination of Boards, by arranging for the Yorkshire Guardians for several instances. A resolution was passed asking powers for Boards of Guardians to combine in regard to assessment both for poor and otherwise.

Mr. Park proposed that Mr. Barratt seconded that the delegates be thanked for their report.

Mr. Stood said reference had been made by the Chairman to the question of dealing with tramp, but he would recommend that the Guardians should visit their own tramp ward and gain experience as to the standard of the men they had to deal with. He had visited the ward only last Saturday, and found that a number of men were union men.

Mr. Armistead: Does Mr. Stood mean that they were genuine miners out of work. If so, I don't believe that.

Mr. Stood said if he could not find at least a dozen men in every pit yard in the country waiting for the manager he would apologise.

The Chairman said the workhouse Masters throughout the country were of opinion they got very few genuine out of work cases. The class of men as a rule in the tramp ward were such that any statement they made could not be relied upon; they were a class of people who would not work at any cost.

The resolution was passed.

On the invitation of the Chairman the Board adjourned to a strawberry tea in the committee room. At the conclusion, Mr. Armistead proposed, Mr. Thomas seconded and Mr. Green moved a hearty vote of thanks to the Chairman for his kindness in providing the report.

It was reported that during the past fortnight they had lost two deaths in the workhouse. The vagrants returned during the same period last year.

The Finance Committee passed accounts amounting to £2488 15s 7d.

A letter was read from George Nurse, Hawson resigning his position, the resignation being accepted.

A letter was read from Dr. Bank reporting the incapacity of Miss Gerard, Superintendent Nurse, through injuries in descending the lift at the Workhouse; and she was likely to be away from her duties for a fortnight.

The Clerk read a letter from Dr. Stevenson, appointing Dr. Bank as his deputy as medical officer and resignation office.

The Finance Committee agreed to on the motion of Mr. Barker and Mr. Barratt.

Mr. John Farrer, of Olton, wrote inviting the Finance Committee and workers to tea.

The Clerk read a letter from the Local Government Board approving Dr. Stevenson's appointment as Medical Officer of the Rothwell district.

HUNSLT RURAL DISTRICT COUNCIL.

A monthly meeting of the above Council was held at the office, Leek Street, Harrogate, yesterday afternoon. The members present were Messrs T. Thomas (chairman) presiding, J. P. Allison, W. Cartwright, W. Varty, Geo. Armistead, with the clerk (Mr. F. H. Haddock) Officer (Dr. Bank), surveyor (Mr. Nuttall), and Inspector Messrs Whitehead and Higgins).

HEALTH REPORT.   
The Medical Officer reported that during the past five weeks there had been 21 births (9 in Olton and Woodhouse, 9 in Templewarr and 3 in Middleton), and 8 deaths (8 in Olton and Woodhouse, 2 in Templewarr, 1 in Thorp Stapham and 2 in Middleton). There had only been one case of infectious disease notified, a case of diphtheria at Olton. This is the first case of infectious disease notified since the 2nd of April, 48 houses had been inspected under the Town Planning Act.

CHURCHES.   
The Clerk reported having received preliminary returns of the census. The population in the Hunst Rural District in 1901 was 6,750, and in 1911 7,756, an increase of 1,006. The population of Olton and Thorp Stapham in 1901 there were 2,458 people, and in 1911 3,874, an increase of 1,416, which was the cause of the increase in the Council's area.

The Clerk reported that the Middleton ward had been stagnant for a number of years and would probably remain so.

The Clerk read a letter from the County Council stating they had decided to postpone the proposal of a sanatorium for consumptives owing to the Insurance Bill.

The Clerk submitted his report of the Council meeting to the Rural District Council Association, at which it was recommended to adopt the system of rate spreading instead of rate levying. In the election of the executive committee, Mr. O. Olverley was elected.

The Lord Mayor of Leeds wrote thanking the Council on his request for watering the road at Templewarr in connection with his Trust in connection with the road.

Mr. O. A. Batty applied for an increase of salary which at present is £50.

On the motion of Mr. Cartwright and Mr. Haddock it was decided to grant an increase of £10 from the 1st of September.

The Electrical Distribution of Yorkshire Limited, wrote stating they intended applying to the Board of the Rural District Council for the right of a new provisional order for the Electric Lighting Act, authorizing the Company to supply electricity for all purposes in the Hunst Rural District.

The matter was adjourned for further particulars.

The Wakefield & District Light Railway Company gave notice of intention to sell their undertaking to the Yorkshire Electric Light and Power Company.

The Clerk said the new Company would undertake all liabilities. Did the Council wish to compel them to carry on the proposed line from Olton to the railway station?

Mr. Armistead said the new Company would have to carry out the obligations of the old.

The Clerk said the Board of Trade had laid down the standard of time for the Council if the Council should carry forward this line the Board of Trade would compel them to carry the scheme out.

Mr. Armistead: How can you compel them when they have no money.

The Council eventually decided not to interfere.

The Clerk said he had received from Mr. Taylor and Mr. Hirst of an alleged small from the sewer ventilator at Olton.

The Inspector said he was of opinion the sewer ventilator was not properly maintained, as he had inspected the ventilator thoroughly and could not find any nuisance.

The Treasurer reported a balance in hand of £11 10s 11d.

On the motion of Mr. Armistead, seconded by Mr. Cartwright it was decided to lay spray 200 yards of Midland Street, Woodhouse.

The Clerk said he had replied that the Council had fully considered the matter; they had seen the owners of the property and after full consideration the Council did not think it desirable to undertake to make a road at this time, having regard to the expense it would involve.

Mr. Armistead said he thought if the Parish Council had considered the cost of this road and the Council in the same position as the Council they would not recommend them to proceed. Mr. W. B. Higgins had agreed with him and Mr. Cartwright on the spot that the Parish Council's proposal would not provide a direct road and was not feasible. He did not think they had considered the matter at all from a financial standpoint.

The Inspector said two of the owners objected.

Mr. Cartwright said he refused to be on a deputation to the Parish Council when he was chairman; it was first mooted as a foot-pat, but he was against making a public street.

It was decided that Mr. Armistead and Mr. Haddock be a deputation to meet the Parish Council.

It was agreed that Hugh Thornton be appointed lamp-lighter at Woodhouse in place of Mr. Haddock.

On the question of the lighting of Fleet Lane being raised, Mr. Cartwright said it might be advisable to light as far as the pit which would require about 9 lamps, but not to Fleet.

The Clerk said it would take 36 lamps to light up Fleet Lane which would cost £25 and they would also have to appoint an additional lamp-lighter. The Gas Co. would be bound to lay the main providing the lamps were 50 yards apart.

It was decided to adjourn the matter for Messrs Armistead and Allison to discuss with the Parish Council.

RURAL DISTRICT COUNCILS' ASSOCIATION.

The annual meeting of the Rural District Councils' Association was resumed on Friday last at the City of London Guildhall, Mr. Seymour Williams presiding over a large gathering.

Councillor W. G. Haigh (Hemsworth) opened a discussion concerning the maintenance of main roads in rural districts. There was in his opinion a motion before the West Riding County Council to take over 612 miles of main roads now under District Councils, and maintain them by their own staff under the County Surveyor.

By a large majority the meeting adopted a resolution expressing the opinion that it was undesirable that County Councils should maintain and repair the main roads by their own staff, as the work could be more effectively and economically carried out by the District Councils in their own area, and that the proposal would result in a serious increase of the rates. It was also agreed that the Executive Council should send a deputation to discuss the question with the Road Board.

Mr. W. B. Pinder (Clark) to the Hunst Rural District Council, who contributed a paper entitled "The National Insurance Bill, as it affects Rural District Councils," said that since he had prepared the paper a deputation had waited on the Chancellor of the Exchequer from the Municipal Corporations' Association and the County Councils' Association, and he had dealt with the Chancellor had promised to meet most of their objections, and it was understood that the local Health Committees would not bear the name but would probably be called Local Insurance Committees. Clause 14 of the Bill would be amended so that County Councils would have absolute discretion as to whether they should hold or accede to sanction in respect to expenditure of the local Committees. The levying of distress would be prohibited only in cases where the medical officer certified that the patient would endanger life. This he thought would satisfy all decent landlords. No concession, however, was to be made in regard to Olton and 40, dealing with the local streets, and the responsibility of the local authorities. This clause ought certainly to be withdrawn from the Bill. (Hear, hear.)

Mr. Pinder said that there were scores of methods by which the local authorities could be made to perform their duties without placing them under a wholly non-representative body. (Hear, hear.) Moreover, it would be an extremely difficult matter to ascertain what was the real source and origin of any excessive sickness, and it would lead the District Councils into constant disputes, and possibly considerable expense.

A resolution urging that Clause 46 of the Bill should be deleted was passed unanimously and the proceedings terminated.

HUNSLT GUARDIANS OBTAIN A RULE AGAINST STRAY CATTLE.

In the King's Bench Division on Friday last, before the Lord Chief Justice and Mr. Justice Collins, the matter relating to a rule nisi calling upon the Justices of Byreack to show cause why a mandamus should not issue compelling them to grant a summons against Harry Walker, who had been charged with the offence of allowing his cattle to stray, was heard.

The proceedings were taken by the Hunst Rural District Council, the matter having become chargeable to the Council, being ill and unable to work. It appeared that previous to the application for the summons proceedings had been taken against Harry Walker, who on the same coming before the Magistrate, denied that his father was ill and unable to work, and further objected to the absence of the doctor upon whose evidence the Guardians were proceeding, relating that the doctor ought to be present to submit himself to cross-examination. The Magistrate dismissed the information. The old man, subsequently became worse, and had to be sent to hospital, and the Guardians applied for another summons against Harry Walker, but the Magistrate refused to grant this, on the ground that the case was a "re-judice."

Their Lordships granted a rule nisi.

ROTHWELL PRIMITIVE METHODIST CHURCH.

A very successful strawberry tea was held on Saturday last, at the Woodlands (Olton), kindly lent by Mr. John Farrer, J.P., by the Primitive Methodist Church, Rothwell, and was patronized by over 450 people. The Rothwell Temperance Band was in attendance and rendered music both grave and gay during the evening. The fact that the beautiful gardens were thrown open from five to seven, was much appreciated by those who had the privilege of inspecting them, and most of the people expressed their regret, as well they should, in such a quiet and unassuming place. After tea various games were entered into with great zest, the breeze which sprang up during the afternoon helping the refreshment of the sun, making the evening all the more enjoyable.

The mood of the party was largely due to the successful singing activities of the ladies of the church. Nine o'clock seemed to come all too soon, which brought to a close a most enjoyable festival.

OLTON WESLEYAN CHAPEL ANNIVERSARY.

On Sunday last, the chapel anniversary service were conducted by the Rev. Evan Lloyd. In the afternoon a service of song was rendered by the Rothwell Wesleyan Choir. The choir was very good, and congregations at each service and collections were in advance of last year.

EAST AND WEST YORKSHIRE UNION RAILWAYS.

The official traffic return for the above railway for the week ending July 8th, 1911, is 2355 against 2338 for the corresponding period last year, an increase of 234.

children should be educated physically as well as mentally. The school playgrounds were already too small.

Mr. James Armistead said if he could see any scheme which was practicable as a reason for the school, he would support it. He contended that most children in the State were neglected at the present time when the Council was paying the wage through it and paying Mr. J. Ninkols £20 a year. If the young people from 12 years and upwards had been sent to the school, they would have been paid the actual of paying "clergymen" who were detested by the people. He said that some oristic club say it a half-a-crown a year would be some cents it. Even some members of the Council ought to show them a better example, than by smothering. The

There was the virtuous Mr. Armilagos who nobly holds the Pigeon Plying, a more expensive one than his Mr. Hirst's smoking. They had a Boys Brigade, why not recommend them to join that as it would remedy the deficiency which had been made so much of. What a better example could they have than their instructor (hear hear) then there was the question of protecting the farmers' property by providing a playground. He would recommend their members of each ward form a Committee to discuss this question and submit particulars to the next meeting.

Elves voted in favour of Mr. Dobson's resolution and none against, the motion being carried.

He referred to a case where a lad had lost two or three weeks' wages owing to this delay. Something ought to be done to alter this state of affairs.

Mr Hirst proposed that the attention of the County Council be drawn to the matter, and recommended the Committee be empowered to grant them.

Mr Chadwick seconded. Mr HORNER announced that the Committee had agreed to

M. Cooke, a student teacher of Peterborough, to the Carlton Lane Schools.

Mr Chadwick was thanked for his gift of a staff to the Robin Hood School.

The Clerk read a letter from the managers of the Rothwell National School, stating that they were taking steps to deal with the overcrowding. Already they had transferred 26 children to the Council School; they were of opinion that in the ordinary course of events the average attendance will not seriously exceed the accommodation. They were not admitting any scholars at the present time.

LOTHOUSE v. DARTON.

THE CUP-HOLDERS BOUT.

(BY SPECTATOR).

During the present campaign Lothouse

has shown that they are a much improved

side and their recent performance has given

their supporters every confidence of further

success. For many years now the Lothouse

club has been fortunate enough to turn out

a good many cricketers who would do credit

to any village organization, and although

many have left them to better themselves yet

there always seems to remain some promising

youth to fill the position. I could men-

tion many players who have done valuable

service for other clubs and at the present time

are idled by the club they play with.

Despite the fact that Lothouse has always

put a respectable team in the field and this is

attributed to the fact that they have several

young members who display keen interest in

the game and are anxious to improve in any of

the team. It is questionable whether any

club in the Wakefield district have better

facilities for practice and these privileges are

not always appreciated. During the season

the Lothouse club has been very successful

in one way or other. From the commence-

ment of the present season it was evident

that the going was hard for the Lothouse

club. They showed good form and with the

exception of one or two lapses they outplayed

their opponents. In the Wakefield district

League they have been successful in every

instance and only being at the top.

**THE HOLIDAYS.**

Like the summer though so far

weather for the holidays this week has been

glorious, for although showers fell on Saturday

and Sunday, they did not prevent the sun from

served only to clear the dust and brighten up

the landscape, viewed by the thousands of

trippers who in ever-increasing numbers

from the August holler, have been coming to

Monday was a fairly good day, breeze from the

west with an occasionally clouded sun

rendering out-door excursions more tolerable

than during the torrid days of the preceding

week. Since then it has been hot. Very

hot! records of heat have been put up

which will in all probability render unbroken

the record of the railways this holiday

fair to constitute new records. It is certain

that, if it is a very long time since there has

been so wholesale a migration of tired workers

into the country or to the coast. There was a

great rush of trippers and holiday makers on

Monday and Tuesday afternoon at the rail-

way stations, and it was noticeable too, that

the transients, especially those going south-

wards, were kept busy. The cars to

Guiseley and the new tram-train to

Parley as well as the newly inaugurated

train to Morley came in for a large share of

patrons.

Wednesday was one of the hottest days of

the year, the shade temperature recorded at

noon at one place being 81 degrees.

The receipts of the railways on Monday

showed an increase of £30 on those for Bank

Holiday last year, the figures being £1,550 in

1910 and £1,580 on Monday. Even so, the

receipts for the whole of the holiday will

most likely show a falling off compared with

those of last year. Saturday's receipts were

down over £1,100 and those for Sunday were

less by £69.

The bookings by the North-Eastern Rail-

way show increases on those for the correspond-

ing day last year. As pointed out above, the

figures: Bridlington, 1,106; Badger and

Salisbury, 122; York, Malton, Scarborough,

and Whitby, 770; Ripon (week) 378; Scar-

borough, 4,127; G. Ryedale, 1,000; and

Plovers, 361; Thirsk, Redale and Bawes,

101; Helcar, Saltburn and the Hartlepool,

545; and Darre and Pateley Bridge 250.

It is interesting to observe that the

ordinary to expect the attention of the holiday

makers. The appearance in Commercial

Street seems to be the centre of attraction for

many of the trippers, and on Wednesday

morning, his gone on spurs. Sweeping up

the vicinity of the tram terminus the other

day would not have been very convincing

of the holiday makers' enthusiasm, for

scarcely could there have been a bigger

had all the men's energies been directed to

putting as much into the air as possible,

perhaps the method of cleaning was not so

ideal, as long experience we taught them.

We shall not have long now to wait

until this improvement is carried out and put

to practical test. It is evident if the street

is to be cleaner and less dirty, there before

more scavenging will have to be done; in

fact it would be well spent money if double

the amount now spent in this sort of work

on the March, Commercial Street and

Lane were paid out to men, so that the streets

might be more presentable in appearance.

The holidays generally have gone well over

the half week, and many will have very little

to draw this week end in wage either at the

coal mines or other centres of industry in the

district.

**AFTER THE HOLIDAYS.**

We went by road, as by rail,

(This means the trippers.)

Our spirits high, the weather fine,

The scenery grand along the line.

But on no trip did we see,

Perhaps our first too much for the

And walls we can't see them welling,

Good form firms is the thing.

Well then we wait just for a day,

A good of pleasure some may say,

A passing thought, we'll let it go,

But if you look back on the day,

Others wait, but not to sleep,

To view the boundless mighty deep,

Wide awake and free from care,

And often good, a change of air.

Now soon prefer an inland trip,

A landscape fine from left to right,

Our spirits high, the weather fine,

And far away from where you stand,

The beautiful inland land.

There is a landscape scene to see,

A castle ruin, a village green,

And distant woods, the landscape shows,

FITS FROM BOOKS.

CULTIVATING INTERNATIONAL JEALOUSY.

Not feeling good, because action and action with wonderful ease. On this subject, and as obvious conclusion, Mr. Norman Arnold makes some interesting remarks in his book, "The Great Russian Home-land."

The man of the German people are not the kind of community of ideas that the English people are. The German people are not the kind of community of ideas that the English people are. The German people are not the kind of community of ideas that the English people are.

FOOTBALL.

CARLTON TEMPERANCE V. HOLBECK LEAMINGTON.

The glorious game of football has established itself in our midst for a lengthy period, and we can look forward with pleasure to what the season has in store for us. Saturday was the day on which all clubs who had not already done so, made their bow before the public. The weather conditions from a spectators' point of view were ideal; but as to the players' opinions there is still to differ, most of them I should think in consequence of the heat, being devotedly thankful to the referee when he blew his final solo.

It seems rather remarkable that a team should commence operations with a cup fixture, but this is what Carlton actually did on Saturday last in playing Holbeck Leamington in the first round of the Liverpool Cup on over 100,000 spectators. It will be remembered that Carlton Temperance was an entirely new team last season, and although not accomplishing anything very noteworthy, they were successful in securing the interest of a large number of persons in their behalf. These ardent supporters who turned up in goodly numbers on Saturday last, quite surprised the players, who were not prepared to do so, for it had been known a long time that players of an excellent order had enlisted their services on the side of the water-drinkers.

The game was a highly interesting one, and if the Carltonians can provide similar results in their neighbouring clubs, one could have liked to see the home team score a well-combined lot as their opponents were, and they certainly looked like doing so. The game was a highly interesting one, and if the Carltonians can provide similar results in their neighbouring clubs, one could have liked to see the home team score a well-combined lot as their opponents were, and they certainly looked like doing so.

With the exception of the two wing men the forwards were splendid. It might be said that the Carltonians were not so good as the Holbeckians, but this is not so. CHITTO.

SCARBOROUGH V. STOUTON UNITED.

The above teams were engaged in a Yorkshire combination match at the seaport town on Saturday last. The match was a highly interesting one, and if the Carltonians can provide similar results in their neighbouring clubs, one could have liked to see the home team score a well-combined lot as their opponents were, and they certainly looked like doing so.

ROTHWELL WHITE ROSE V. CARDIGAN ALBION.

STOUTON WESLEYAN V. HALL LANE END.

The prospects of the Rothwell White Rose club have never been brighter than they are at the present season. Having been released from debt the Committee have been very fortunate in retaining most of the players who helped to win the Rothwell and District Charity Cup and who assisted in making this combination last year one of the best in the Leeds District. With the exception of Bulmer, Wilkinson, and Lunn, all last season's players have re-signed, and it is probable that Lunn will be seen in his old position with the Whites again.

The opening match, which was played on the Home Ground on Saturday was a friendly one, Cardigan Albion, who it might be said to figure in the league, being the opponents. The game was a highly interesting one, and if the Carltonians can provide similar results in their neighbouring clubs, one could have liked to see the home team score a well-combined lot as their opponents were, and they certainly looked like doing so.

The meeting of these old rivals at Beddote Farm, on Saturday last, was a highly interesting one. The game was a highly interesting one, and if the Carltonians can provide similar results in their neighbouring clubs, one could have liked to see the home team score a well-combined lot as their opponents were, and they certainly looked like doing so.

A Woodlawn child has met his death in tragic circumstances. Fred Hault, aged 15 months, the son of Councillor William Hault,

14, Alma Street, got hold of a pot containing hot fat from the table, and drank some of the contents. The child's mouth and throat were severely scalded, and it died about five hours later.

The inquest took place on Tuesday afternoon, conducted by Mr P. P. Mattind, coroner, and returned a verdict of "Died from scalding," was returned.

**BOXING.**

At the Leeds National Sporting Club on Friday evening last, A. Littlewood, a Lifford, and T. Roberts, Leeds, met in a six-rounds contest. They were well matched, and Littlewood was the aggressor all through, and was close on the heels of Roberts in the first round. It was evident that Roberts was completely outclassed, and in the second round used the referee stopped the contest in favour of Littlewood.

Proceedings terminated with the meeting of H. Littlewood, Lifford, and F. Finlay, Lifford, to box for a side wager and a prize given by the management. The pair were evenly matched, and the contest, the advantage being in favour of Littlewood. The Lifford man forced the work and had Finlay down for a count of nine in the second round, and was again down in the third round, and eight, and was finally counted out in the fourth round.

For all the events Jack Simms was referee, and A. Holman timekeeper.

**PEDESTRIANISM.**

At the New Peacock Grounds, Leeds, Saturday afternoon an interesting contest was staged between two outstanding Outwood sires, Mr. H. Hoyle, of Lofthouse, who ran 1 yard on level terms for stakes of £20 to 25. This was the third match between the pair on the same terms, each having a win in the two previous contests. On this occasion the good form, and betting was brisk at 2 to 1 in favour of the Outwood sire, who won on France, but Hoyle won by a good yard.

Mr B. Reading and Mr J. Hepplethorpe, both of Manchester, officiated as referee and starter respectively.

**PIGEON SHOW AT CARLTON.**

The newly-formed Carlton Pigeon Club held a pigeon show in the Queen Hotel, St. James, on evening last. There were only 34 birds entered, but they were of the best quality, there being 55 entries. Mr. George P. Palma, of Outwood, was the judge and the following awards were made—

ROTHWELL CHURCH

THE above Council have decided to hold a  
public clock in the gable of the Carlton  
School by the local Corporation Committee.

A letter was read from the County Council  
stating that the Corporation had agreed to  
maintaining the clock would be illegal, and  
suggesting that a similar request be made to  
the District Council.

The Clerk was instructed to give the in-  
formation to Mr. Cavill, the secretary of the  
Committee.

ROTHWELL WESLEYAN SUNDAY  
SCHOOL UNION.

A DEMONSTRATION IN PRIMARY  
METHODS.

The Antenna Committee in connection  
with the above Sunday School Union was held  
in the Rothwell Wesleyan Sunday School on  
Saturday last. The Rev. E. Lloyd presided  
over the afternoon meeting, when the reports  
of the various sub-committees were read by the  
visitors, and these were considered very satis-  
fying. It was decided to send a letter to the  
Carlton Wesleyan School officials con-  
gratulating them on the satisfactory progress  
which has been made during the last few months.

The Spring (Good Friday) Convention was  
also held in the school.

Ten was afterwards provided, and in the  
evening, a Demonstration of Primary Methods  
was given by the teachers and scholars of the  
Rothwell Primary School. The Demonstration  
was not only interesting, but edifying, and the  
efforts of these little ones were worthy of the  
highest commendation. The lady Superinten-  
dents, Miss E. Marshall, displayed here  
interest in the work and although in her  
infancy at Rothwell these young ladies have  
accomplished a great deal.

During the afternoon, the ladies present were  
informed that the attention should be paid to  
the teachers being recruited. The children are  
very intelligent, and the quick answers given  
evoked praise from everyone present.

The ladies present also stated that any  
teacher failing to attend such a class, was not  
allowed to teach the following Sunday. The  
children are delighted to attend such a school.

Of the special feature noticeable in the  
lesson (which was simply a reproduction of an  
ordinary arithmetical work) was the small  
class of about four or five children, clustering  
round the teacher with her ready and true  
models. Another striking characteristic was  
the absence of any oral order; every item of  
the programme is indicated by short musical  
interludes. These were a happy cele-  
bration, when the child is presented with a  
bouquet of flowers, according to the number  
of its age. A little "let" brought word that  
the lady had come to her home, and mother  
wished to have her name on the "Orchestra  
Roll"; this was done, with a suitable song.

When the little had come round with the  
glorious collection, the children sang "Hail  
the Queen" and the choir sang "Hail the  
Queen" and the choir sang "Hail the Queen".

PRESENTATION TO MR. GEORGE  
M. DENTON.

On Saturday evening, the Rothwell Council  
Chamber was occupied by an altogether differ-  
ent sort of people and for a different object  
to that for which it is generally used. There  
were no jarring voices, no complaints, no  
friction, no dissatisfied players.

The occasion was the presentation of a  
visible form of a handsome token of high  
esteem and appreciation for a colleague who  
has just retired from the service of the Council, by  
his fellow officers and workmen, in Mr. G. M.  
Denton, late assistant secretary, who has been  
unanimously appointed (out of 78 candidates)  
surveyor and engineer to the Whitfield Urban  
District Council, near Manchester.

There was a good representation of sub-  
scribers, and the proceedings were inaugurated  
by Mr. Moorhouse proposing Mr. A. Marshall  
as the official of the Council, to occupy  
the chair. Mr. Dodgson seconded the resolu-  
tion, which was carried unanimously.

In responding to the call Mr. Marshall  
said he had been asked to accept the position  
of surveyor and engineer to the Whitfield Urban  
District Council, and he had accepted it with  
pleasure. He had been a member of the Council  
since 1871, and he had been a member of the  
Council since 1871, and he had been a member  
of the Council since 1871, and he had been a  
member of the Council since 1871, and he had  
been a member of the Council since 1871, and  
he had been a member of the Council since 1871,

 Scotland, on Friday, December 9, 1911.

**SUDDEN DEATH OF A WELL-  
 KNOWN WESLEYAN METHODIST.**

It is with deep regret we announce the  
 death of Mr. John Hirst, of Ouseburn Green,  
 who died under tragic circumstances on  
 Thursday week last. Mr. Hirst, who was 50  
 years of age, was a noted Wesleyan and had  
 been a member of the Ouseburn Green Chapel  
 for many years. He was a man of great  
 energy and was a most successful business  
 man. He was a member of the Ouseburn  
 Green Wesleyan Church, and was a most  
 successful business man. He was a member  
 of the Ouseburn Green Wesleyan Church,  
 and was a most successful business man.

**CHARLTON WESLEYAN P.S.A.**  
 Mr. S. Lawrence presided over a moderate  
 attendance at the above meeting on Sunday  
 afternoon last, when an excellent and well  
 delivered address on "The Prodigal Son"  
 was given by Mr. E. H. Brown of  
 Lothian. Mr. E. H. Brown of Lothian,  
 resident very prettily the day,  
 when I survey the wonderful scene  
 of the King's beacons. Mr. Hirst presiding  
 over the meeting.

**BRABAZON EMPLOYMENT SOCIETY.**

A sale of work promoted by the above  
 Society took place at the Workhouse yards  
 after dinner. The stalls were furnished  
 with various fairs and useful articles, the  
 work of the inmates, consisting of hand-  
 made toys, bayonet rings, marionettes,  
 and wood work, bread work, fancy work,  
 and many other articles. There was a large  
 and profitable sale, and the proceeds  
 were commensurate. Mr. T. G. Gough,  
 chairman of the Brabazon Board of Guardians,  
 presided.

The Chairman stated that the object of the  
 bazaar was to provide the workers and their  
 families with the means of earning a little  
 money, and that the result of that effort would  
 enable them to go to the seaside. He would  
 take the opportunity of expressing his  
 appreciation of the efforts of the Brabazon  
 Committee, who had laboured so hard for the  
 less fortunate inmates of the house. The  
 bazaar was a success, and the proceeds  
 were commensurate. Mr. T. G. Gough,  
 chairman of the Brabazon Board of Guardians,  
 presided.

**WHIST DRIVE AND DANCE AT  
 ROBIN HOOD.**

A whist drive and dance promoted by the  
 Robin Hood Club, 2185 of the
